

SIX MILLION PEOPLE

will read this advertisement about the Edison Phonograph which appears in the December issue of the Delineator, the Designer and New Idea Woman's Magazine

Did you ever start a phonograph for the benefit of a child?

A Christmas Matinee.

DID you ever see the face of a child when it is absolutely happy? It is a wonderful thing to make a child happy. If an Edison Phonograph had no other mission than to entertain the children it should be found in every home where there is even one child. But the Edison Phonograph is not merely a children's plaything though it is the best playfellow a child can have. A child plays with its other playthings—but the Edison Phonograph plays with the child. The same Phonograph appeals to all the children, large and small; to grown-ups as well as to children; to guest as well as to the family. That is why

every mother, every mistress of a home
and every hostess should have an

EDISON PHONOGRAPH

The EDISON PHONOGRAPH now has the new AMBEROL RECORDS, which play twice as long as the old ones, which play longer and better than any other Records made. Every mother who reads this should decide today that Christmas will bring at least one joyful entertainer into her house—AN EDISON PHONOGRAPH. Act on that good resolution at once. Come to our store today and hear the EDISON, select your style, pick out a supply of Records, and make this Christmas a Phonograph Christmas. You owe it to your children and to yourself to write today for the book telling why every woman needs an EDISON PHONOGRAPH and making clear all that the EDISON PHONOGRAPH could do for you.
